

SLP and Shared Training Programme 2022-23 - Annual Review

Introduction

The Surrey Learn partnership provides training for staff from all the 11 district and boroughs in Surrey and the County Council. This amounts to circa 4040 people (excluding SCC). We offer 81 courses grouped together into easy recognisable categories and pathways. In an environment of growing pressure on public sector budgets, the partnership offers great value for money training across the whole of Surrey.

The partnership meets regularly to ensure we are delivering what is required by staff. Where new training is identified, we use our excellent connections with existing providers to commission and deliver new courses. If we need to use a new provider, we ensure to research their offer thoroughly and test run courses before rolling out across the partnership.

Feedback is sought from all delegates attending all courses and where changes or improvements are requested, those are acted upon comprehensively and swiftly. More broadly, we share best practice across the partnership ensuring local initiatives, systems and processes are as good as they can be.

Funding

The participating 11 District & Boroughs and SCC pay their contribution (£3500 each) to the running of the programme every year. This fund is used to pay the salaries of the two part-time members of staff who run the programme as well as maintaining a redundancy reserve.

SLP continued to raise additional funds by adding 15% to delegate course attendance charges during April and May 2022. Due to the size of the 'profit pot', the additional charge was reduced to 10% wef 1st June. This enables us to build up a budget to fund website and course development.

Training providers were paid a total of £68933.50 for the FY 2022-23. Payments totalling £4718.75 were made to Andrew Green of Article Seven for website redesign and development. A further £900 was paid to the training provider, Making Connections IOW, for the re-design of their 'Safeguarding Children, Adults and Domestic Abuse – Online' course.

The partnership continues to offer excellent value for money with the average cost of a course per delegate being between £86 and £125

Between April 2022 and the end of March 2023, 82 on-line courses (up from 60 the previous year) were delivered for 667 delegates (an 11.9% increase on the previous year), 12 of which were part of our outstanding Management Development Programme. Delegate feedback on the learning experience continues to be excellent and confirms that shared learning across multi-authorities remains beneficial.

We continue to run waiting lists for every event on offer. The trigger point for approaching providers about running courses is typically at 50% of their capacity. However, we are flexible in this approach so if a course hasn't run for a while, we will work with a provider and the authorities with staff on the waiting list to ensure we meet their need in a timely way.

Most providers have been willing to re-negotiate fees, content, and delivery hours to meet learning and development needs and avoid 'zoom gloom' for participants.

SLP website Surrey Learn

All 11 B&Ds and SCC use the website in a variety of ways. Some authorities allow staff direct access to course waiting lists and bookings whilst others include a notification stage to the relevant HR team for approval of budget spend.

We are continually looking for ways to improve the website to reduce the admin burden and commissioning Andrew Green of Article Seven, (the web developer) to carry out the work.

Website improvements in the last year include:

- Ability to 'browse' the site without registering
- Course 'search' bar on the Home page
- Introduction of 'Pathway' icons to support the course category icons
- Course calendar view option on the Homepage
- Detailed delegate behaviour and Zoom use instructions included on the site and within delegate emails
- Allowing booked delegates to cancel their course place outside the 4-week cancellation period
- Attendance Certificates auto-sent to delegates once attendance info is recorded
- A complete re-coding for Elmbridge BC only, who wanted to have complete admin control over the access their staff have to the website.
- HR Logins (SLP reps) can see 'inactive users', can download the data to excel and download individual L&D history before removing accounts, if appropriate.
- HR Logins can use the 'manage bookings' option to quickly see which upcoming courses staff are booked on
- SL Admins can login to the HR Login admin shell to check that it is operating correctly
- Pre and post course handouts now include a 'date created' to check currency
- New monthly report on delegate attendance per authority

Programmed and new events

The shared programme offer continues as an online zoom delivery only. SLP consider this an effective use of staff time but is considering the need for a blended approach for management development programmes in the future.

During 2022-23, the following new courses were added:

- 1. Menopause Awareness for LMs and HR professionals
- 2. How to be a good Mentee
- 3. Mental Health First Aid
- 4. Neurodiversity in the Workplace
- 5. Motivating and Engaging Your Team
- 6. MBTI workshop
- 7. Listening Skills
- 8. Setting Boundaries
- 9. Commercial Awareness
- 10. Writing Effective Email
- 11. Women's Development Programme
- 12. Absence Management
- 13. Making the most of your Money
- 14. Women and Money
- 15. Climate Change Fundamentals
- 16. Understanding Emotional Intelligence
- 17. Interview Skills The next step on your career pathway
- 18. Plain English

Comments from a selection of evaluation forms received are shown below.

Train The Trainer: I learnt how to train people in different ways and the advantages of using different techniques and resources. Excellent course, online in a smaller group was really good and we still had the same level of teaching as i would have expected we would have face to face.

Minutes and Speed Writing: ..shown how to simplify words into skeleton writing which will help in my minute taking. Also, after being shown examples of layouts of how to present my minutes, I have taken away new ideas of how to incorporate the different layouts. Thank you to Jane, who was a very good instructor who genuinely showed passion for this

Managing Mental Health: It was useful to hear about the impacts of mental illness on businesses and the importance of taking the issue seriously, carrying out risk assessments and knowing practical approaches to discuss issues with staff, put in place support plans and support anyone who needs time off.

Project Management: I went on this course because I had done projects but never had any training in the processes of managing a project and I now feel confident I can do this. Clive was lovely, very interactive and happy to answer all questions. He went through all the core tools and there was a good balance of information in all key areas. I will be recommending this course to others.

How to be a good Mentor: Helped me understand what mentoring is, what's required to be a good mentor and help decide if I want to take up a formal mentoring programme. Sue was a great trainer, set a good pace and structured the training well. I enjoyed putting the discussion into practice via breakout rooms. Was a very worthwhile training to attend - I took a lot away from it.

Menopause, A Time for Change: This course fits in very well with the new increasing attention menopause is getting currently in the media, so felt very relevant, whatever age / gender you are, as this is something that affects all of us in some way at some point. It was great to have a whole course dedicated to this subject, and I feel is excellent progress in giving subjects such as this the attention they deserve.

Setting Boundaries: The training gives me confidence to manage my workload more proactively and be more conscious of unreasonable demands from colleagues and more generally in life! I found practical tips around delegation and how to approach requests for work outside your specific remit particularly useful.

Learning Pool (LP) e-learning provision

7 of the 11 local authorities (excluding Guildford BC, Mole Valley DC, Spelthorne BC and Tandridge DC) decided to continue participating in the 'one contract' with Learning Pool which runs until end March 2024.

Staffing and meetings

The SLP Chair remains with Kate Ferguson, Waverley BC (3 days/week).

Wendy Jenkins (22 hours/week over 3 days) and Candace Quelch (12 hours/week over 1 day and 2 mornings) continued in their part-time roles as Training Project Manager and Training Administrator. All three work on Tuesdays to ensure opportunities to meet online and in person.

The partnership will meet in person every quarter.

Future Plans

- Improve indicators on the website to highlight individual learning records, how to use Zoom and our cancellation policy
- Expand the Women's Development Programme to a Surrey-wide initiative
- Consider offering Bite sized sessions/lunch & learn

Wendy Jenkins
